MINISTRY SHARES

The ministry shares system represents the mutual covenanting of our congregations to share financial resources and responsibilities for our unified ministry endeavors. The ministry shares amount is based on a comprehensive budgeting process that evaluates ministry objectives and resource needs. The process begins with agency staff, is evaluated and approved through agency boards and the Council of Delegates of the CRCNA, and is finally approved by synod. Synod voted for a ministry shares increase of \$7 for 2019. The ministry shares amount specified for Calvin College is based on the number of students and region so that churches in some areas may give greater support to other local colleges.

One of the strengths of the ministry shares system is the simplicity of the allocation formula which spreads the opportunity to participate in giving across all members of the CRC. Further, our agencies expend a minimum amount of time, personnel, and money for fund-raising, thus reducing the overhead cost of our ministry.

See the 2019 ministry shares chart for allocations by area. For more information see crcna.org/ministryshares.

Smaller church percent		N/A
Smaller church reduction applicable to churches with net membership of 192 or less		
Net ministry shares amount due		\$ 121,512.48

***Member count** is calculated on August 31 of each year and submitted for the following year on the Yearbook Questionnaire.

****Inactive members** are those baptized or confessing members who are declared by the consistory to have a relationship to the congregation which has ceased for one year or who for one year have not made faithful use of the means of grace, especially the hearing of the Word and the Lord's Supper, unless there are extenuating circumstances (e.g., military service, residence in a nursing home) that make such faithful use impossible.

*******The small church ministry shares reduction amount is determined based on active member counts after reduction for "inactive" members. The percentage to be paid as indicated by the smaller church reduction table is applied to the dollar amount of ministry shares, not to the count of active members.

Small Church Ministry Shares Reduction

Synod 1987 approved "the concept of a [ministry shares] reduction for smaller churches (Acts of Synod 1987, p. 559) and adopted a formula for "[ministry shares] reduction... at a one percent increase/decrease per family beginning with thirty families paying 50 percent of the total [ministry shares]..." (Acts of Synod 1987, p. 560).

MINISTERS' PENSION FUND

The CRCNA offers a defined benefit pension plan for ordained ministers of the Word serving in the United States and Canada. While the primary purpose of the plan is to provide retirement benefits, the plan also provides significant survivor and orphan benefits as well as long-term disability protection for active participants.

Organized churches are required to pay church assessments determined at an amount per active professing member age 18 and older, or, if greater, the direct cost of their "first or only" pastor's participation in the Ministers' Pension Plan. The number of members is the member count submitted on the annual Yearbook Questionnaire.

Pension costs associated with any additional ordained ministers of the Word employed by organized churches and for all ordained ministers of the Word in the employ of emerging churches are annually determined direct cost amounts. The direct cost amounts **remain the same in 2019**. These amounts will continue to be \$9,840 in Canada and \$7,704 in the United States, while the per-member amounts will be \$42.96 and \$37.20, respectively.

Example of ministers' pension fund payments

Additional pastors	\$ 9,840 each	\$ 9,840 each

Special Assistance Fund

The Special Assistance Fund provides assistance for retired ministers of the Word who find themselves in severe financial need and may also provide for the final retirement move of a minister of the Word.

The following are Christian Reformed Church (CRC) ministries that are supported through denominational ministry shares and through other gifts and offerings from the churches and members of the CRC. As evidenced by these statements of purpose, they represent a diverse range of ministry in areas throughout Canada, the United States and around the world. In addition to ministry shares support, these agencies are recommended for support through one or more offerings to be scheduled in the churches throughout the year.

Nondenominational Agencies Evaluated for Support 2019

The following organizations have been evaluated for accreditation as agencies to be included for possible support through church offerings in the Christian Reformed Church. Each agency provided financial statements and identified program changes (as requested when reviewing for the first year of a three-year process).

The evaluation followed procedures and guidelines generally defined by synod in past years and modified in 2002 as follows:

Accreditation, once granted, shall be in effect for three years with updated information regarding financial and any significant program changes to be submitted in the second and third years . . .
(*Acts of Synod 2002*, p. 407)

Note should be taken of the following action of Synod 1992 regarding the financial support provided by Christian Reformed churches relative to these agencies:

. . . in light of the growing number of agencies seeking recommendation for financial support, [synod] remind[s] the congregations of the synodical decision of 1970 wherein

. . . synod urge[d] all the classes to request their churches to pay denominational causes before making gifts to nondenominational causes on the synod-approved accredited list.

Grounds:

a. Our denominational causes should have priority in our giving. . . .

(*Acts of Synod 1970*, p. 81)

(*Acts of Synod 1992*, p. 748)

Thus, the accredited list of nondenominational agencies approved by Synod 2018 is meant to provide guidance to the churches in selecting organizations for support. However, this accreditation is not meant to be an obligation of the churches to designate one or more offerings, nor does it exclude other organizations that your church may wish to support.

A brief description of the ministry of each of the accredited agencies follows. Financial data about these ministries is on file in the Finance Office or can be obtained by contacting the agency directly.
